OF THE
OFFICERS

Late Regiment of Foot

Under the Honorable Command of the

COUNT FRANKLIN

Colonel DE ALMEIDA

Which was taken at the

Batch of 1811

T H E C A S E

Of the Officers which were taken Prisoners at the Battle of Almanza, of the late Regiment of Foot under the Successive Command of Count Francis Nassau and Colonel Constantine De Magny.

AFTER above 15 Years Service for the Crown of *Great Britain*, these Officers were made Prisoners of War at the Battle of *Almanza*, in *April* 1707, where, besides the Wounds they received in that Action, they lost all their Baggage, were kept on the Frontiers of *Spain* near Three Years afterwards, and sent through *France* to *Doway*; and there, on the 27th of *June* 1710, they were Exchanged. They were paid their Subsistence by the Paymaster of Prisoners to the 24th of *August* 1710. and the Regiment being Discon-

tinued (a), they then took the first Opportunity of returning Home.

Upon their Arrival in *Great Britain*, the *Commissary General of the Musters* had Directions (b) to Certifie a List of these Officers, in order to their Obtaining their Subsistence, or being otherwise Provided for, as should be thought fit.

For which end, the Officers did from Time to Time appear before the said Commissary, and her *Majesty* was pleased to Refer their Memorial for Subsistence, to the Consideration of the then *Lords of the Treasury*, (c) That their Lordships might give such Directions as they should think proper, for the Paying what Money was Due to them; but the Officers could not, for the Reason hereafter mentioned, obtain from the *Treasury* any Subsistence at that Time.

They were soon after Appointed to serve in a Battallian Designed to be Formed in *Flanders*, and they were thereupon acquainted by the *Secretary at War* (d), It was her

her *Majesty's* Pleasure, they should hold themselves in a Readiness to proceed thither.

The *Secretary at War*, about the same Time, sent to Mr. *Cardonal*, the Duke of *Marlborough's* Secretary, A List of the Officers who were Appointed to Serve in this Battalion, and in his Letter (e) acquaints him, That Three Months *Subsistance* was Advanced to *them* by Mr. *Bridges*, (now Duke of *Chandois*) on Account, until their Pay should be regulated by the Duke of *Marlborough*.

The next Day the *Secretary at War* signify'd (f) to the said Officers, That it was her *Majesty's* Pleasure, they should take the *first Opportunity* of Repairing to the Army in *Flanders*, where, upon their Arrival, they were to apply to Mr. *Cardonal* for his Grace the Duke of *Marlborough's* farther Orders.

After which, some Alterations in the List being made, the *Secretary at War* acquainted Mr. *Cardonal* (g), That the Treasury did not think it proper to employ in the said Battalion any of the Officers

Officers on the Pension in *Ireland*, but that as many of the Regiment of *De Magny's*, late Count *Nassau's*, as were *not* Provided for, should be *sent over*, and the Number required, made up out of the Half-Pay Officers here at Home, and that he should hasten over the Officers.

Within a Month after, the *Secretary at War* enclosed with his Letter to the *Treasury* (b), An Extract of a Letter which he receiv'd from Mr. *Cardonal*, concerning this Battallian, and Desired that if the *Treasurer* approved thereof, he would please to Order them some Money, that they might be hastened over to their *Command*, Mr. *Cardonal* representing that they were very much wanting.

The *Secretary at War* then acquainted Mr. *Cardonal* (i), That he renewed his Application to the *Lord Treasurer*, that those Officers might have Money to enable them to Repair to *Flanders*, yet he did not find his Lordship had taken any Resolution therein, but would remind him of it again; and that he found the Difficulties in this Matter to arise from there being *no* Provision made for them by *Parliament*.

Accordingly, the *Secretary at War*, by another Letter (k), desired the Lord Treasurer to be put in Mind of the Advance of Pay to be made to these Officers, according to the List which some Time since had been laid before him.

But after these Measures had been taken to Form this intended Battallian, the Project was laid aside, and the Officers remained in *Great Britain* attending her Majesty's Commands; But they not having received their Subsistence, *although they were Mustered from Time to Time*, the Application to the Treasury was Continued; and upon a Reference of their Petition, the then *Pay-Master-General* and *Secretary at War*, were pleased, in *September 1711*, to Report (l) to the Treasury;

That These Officers were *never Disbanded*.

That They had *attended* ever since their Exchange, at an *equal* Expence with other Officers *here*, who had been constantly paid.

That

(k) Secretary at War's Letter of 2 August 1711, to the Treasury, pag. 22.

(l) Pay-Master General and Secretary at War's Report to the Treasury, pag. 22.

That They produced a Certificate from the *Commissary General of the Mufters*, dated *August 22, 1711*, of their appearing before him.

That the Officers of the *Three* other Discontinued Regiments *were all along subsisted, until the Regiments were restored*, or they otherwise provided for.

That Those who had given Credit for the Subsistence of these Officers, since their Exchange, did then Threaten Them with Imprisonment, unless they were speedily repaid.

That from these Considerations it was hoped their Pay would be Continued until they should be Restored in their former Corps, or some otherwise Provided for.

And that it was *their* Opinion, the Services and Sufferings of these Officers did *very justly* intitle them to her Majesty's Favour.

This Report being read at the Treasury, it was Minuted, That there was then no Fund for their Payment ; But it was recommended to them to Apply to Parliament.

Upon

Upon this they Petition'd the then *House of Commons* for their Pay, for the Year 1711, and were Referred to the *Committee of Supply*. (m)

And the next Session the *Committee of Estimates* Reported (n) to the *House*, That 4449*l.* 18*s.* was Voted by *Parliament* for the Claim of these Officers. Which Sum is their Full-Pay, as by the Annexed State, Page 14. from *June* 27. 1710, the Time they were Cleared, to *December* 23. 1711, when they Commenced on Half-Pay.

But as the Funds did not answer the Sums Granted for the Army, these Officers did expect to be paid out of the 300,000*l.* Given on Account of the Debts Reported by the *Committee of Estimates*, until Commissioners were appointed to Determine the same; To whom they then applied: But the Board was pleased to Adjourn the Consideration thereof, until the Accompts of the Regiment should be Examined. Those Accompts are now Stated by the said Commissioners to 27 *June* 1710, and the Officers have been in Hopes that the State of their Claim to *December*

23. 1711. would be Reported to his *Majesty*. But the said Commission being now near Expired, they are apprehensive of losing the Benefit of their Claim, and Pray their Case may be Considered with a *just and favourable* Regard to their *Long and Expensive Services, and their Unhappy Circumstances.*

However, it's Believed these *Facts*, which concern so *many* Officers, will not be Reckoned of such *little* Moment, as to be *indifferently* passed over, or Determined against them, *before* the Matter thereof is Fully Examined, or it be known whether any farther necessary Proofs can be Produced.

For from what already Appears, it's presumed, That during the Time for which their Claim is made, it will be *allowed*,

I. That They were *not Disbanded* before they were Placed on Half-Pay. Which in the Case of the Officers of the late Lord *Gallway's Spanish* Regiment of Foot was reckoned the *First Act that had the Appearance of a Disbandment of that Part of the Regiment which was made Prisoners*, and was the Reason given for *Continuing* their Full-Pay to *December 1711*, when *they* Commenced on Half-Pay.

II. That

II. That if these Officers had been Disbanded, and *not* Esteemed as Officers on Full-Pay, at the Time they were appointed to Serve in *Flanders*, the Government would *then* have Given them *Commissions* for that Service.

III. That without her *Majesty's* Leave, it was not Lawful for Them to *Quit* the Army; neither could they follow any Trade or other Calling for their Maintenance.

IV. That the Government *Detained* Them for the Service of *Great-Britain*, and *intended* them Pay according to their Qualities.

V. That if They had *Neglected* their Duty, or *Disobeyed* her *Majesty's* Commands, they might be *Tried* by a *Court Martial*, and would be *liable* to the Penalties in the *Acts* against *Mutiny* and *Desertion*.

VI. That by Attending her *Majesty's* Orders, and by being Muster'd from Time to Time, They have as *Just Pretensions* to Full-Pay, according to their Commissions, as any Officer in the Army.

VII. And That an *Allowance* for the same being already Voted and Estimated by *Parliament* as a *Debt*, the *Commissioners of Army Debts* have, by the Powers given them, *sufficient Authority* to allow *their Claim*.

But admitting this Claim to be a Demand *not* Voted by *Parliament*, the Precedents of Full-Pay Allowed to *Reduced* and *Disbanded* Officers, Detained from their *private* Affairs, for the *Service* of the *Government*, at Times when there has been *no* Opportunity for their Performing Duty, or even *no* Necessity for their *Service*, are so *many*, that there is scarce an *Instance* to the contrary; And as it has *always* been the Custom of *Great Britain*, especially since the *Revolution*, to Give the Officers of the Army, Full-Pay to the Time they Commence on Half-Pay; And *there being now no other Corps of Officers to make the like Demand*: These Officers conceive They do not without Reason expect, That in Consideration of so many Years *faithful* Service, for the Crown of *Great Britain*, and in *Compassion* to the *Misfortunes* they are involved in, by the Debts contracted at the Time they were without Subsistence, the Government will Grant them the Favour of Full-Pay, for the Eighteen Months in which they could have nothing
for

(13)

for their *Maintenance*, but what they De-
pended on from the Crown.

Upon these Considerations, They Pray
they may have the Benefit of the said
Eighteen Months Full-Pay to *December*
1711, according to the following State.

All which is humbly submitted.

I Am to acknowledge the Receipt of your Letter of the 13th Instant, with the Copy of the Convention of the Regiment of *French* Deserters, which I have communicated to my Lord Treasurer, and am to acquaint you, That his Lordship does not think it proper to employ, on this Occasion, any of the Officers on the Pension in *Ireland*, but that *as many of the Regiment of De Magny, late Count Nassau's, as are not Provided for, should be sent over*, and the Number required made up out of the Half-Pay Officers of the same Nation here at home; so that *the List* I sent you by the last Post, will admit of some Alteration; and as soon as it is settled, I shall send you a new one, and *hasten over the Officers*.

I Send you here enclos'd, An Extract of a Letter which I have received from Mr. Cardonal, concerning the *French* Officers designed for the Command of the Bat-

Battalion to be Formed in *Flanders*, which I am to desire you will communicate to my Lotd Treasurer, That if his Lordship approves of the *List*, I laid before him some time since, *among which the Officers of the late Count Nassau's Regiment are comprehended, and will please to Order them some Money in advance, that they may be hastened over to their Commands ; Mr. Cardonal representing that they are very much wanted.*

S I R,

U P O N what you writ to me concern-
ing the *French Officers, I renewed*
my Application to my Lord Treasurer, That
those Officers might have Money, to Enable
them to Repair to Flanders ; yet I do not
find his Lordship has taken any Resolu-
tion therein, but will remind him of it
again. *I find the Difficulties in this Matter*
to arise from there being no Provision made
by Parliament, for the additional Expence
of this French Battalion.

Whitehall, August 2, 1711.

GENTLEMEN,

Secretary at
War's Letter
to the Treas-
ury.

HAVING, pursuant to my Lord Treasurer's Directions, Prepared an Establishment for the Battalion to be Formed of *French* Deserters in *Flanders*, I send the same to you here enclosed, to be laid before my Lord Treasurer, in order to his Lordship's countersigning thereof; and at the same time, *I am to desire you to put his Lordship in mind of the Advance of Pay to be made to the Officers*, according to the List some time since laid before him, if his Lordship approve thereof.

I am, Gentlemen, Your, &c.

G. Granvill.

To the Secretaries of the Treasury.

Extract of Report to the Treasury, by his Grace the Duke of Chandois, and the Right Honourable the Lord Lansdown, so far as relates to the foregoing Case.

To the Right Honourable the Lord High-Treasurer of Great Britain.

Pay-Master
General's
and Secreta-
ry at War's
Report to
the Treasu-
ry.

May it please your Lordship,

I N Obedience to your Lordship's Order of Reference, dated the 13th of *July* last, upon the Petition of the Officers of the late

late Count *Nassau's* Regiment of Foot, setting forth ;

“ That most of them having served the
 “ Crown of *Great Britain* near Twenty
 “ Years, were upon the Establishment of
 “ Half-Pay in *Ireland*, during the late
 “ Peace ; and having since been Formed
 “ into the said Regiment of Count *Nassau*,
 “ were taken Prisoners at the Battle of
 “ *Almanza*, and kept on the Frontiers of
 “ *Spain*, Three Years before they were
 “ Exchanged ; That since their said Ex-
 “ change, they have not received any Sub-
 “ sistence, *tho' they have been Mustered from*
 “ *Time to Time* by the Commissary-General ;
 “ That, &c.”

We have Examined the same, and do humbly Report to your Lordship,

That the said Regiment of the late Count *Nassau*, was One of those Regiments which were taken Prisoners at the Battle of *Almanza* in *April* 1707, and together with Three others, was *Discontinued* in *February* following, and Provided for by *Parliament*, to the 23^d of *December* 1708, on the Fund for Subsisting of Prisoners ; but from the said 23^d of *December* 1708, nothing has been Granted for them by *Parliament* ; however, they were Subsisted as Prisoners to the Time of their Exchange.

They

They do produce a Certificate, signed by the Commissary General, the 22d of August last, of their having then appeared before him, and made Oath, that they were all Unprovided for at that Time, being the Lieutenant-Colonel, Seven Captains, Eight Lieutenants, Two Lieutenants en Second, (who were Ensigns by the Queen's Commissions) a Chaplain, and a Surgeon's Mate: And, as they were made Prisoners in the Service of the Crown, were never Disbanded, but have attended ever since their Exchange at an equal Expence of other Officers here, who have been constantly paid, and in a Readiness to serve again, whenever Her Majesty shall think fit to Command them, as they had good hopes to believe, from the Assurances given them, would soon happen. And besides that, the Officers of the Three other Discontinued Regiments were all along Subsisted until the Regiments were Restored, or they otherwise Provided for; and in Regard that those who have given them Credit for their Subsistence since their Exchange, do now threaten them with Imprisonment, unless they are speedily Repaid.

They most humbly hope, from these Considerations, her Majesty will be Graciously pleased to Continue them their Pay, until they shall be Restored in their former Corps,
or

or some otherwise Provided for, as her Majesty shall think fit.

All which, if her Majesty shall be pleased to consider, and relieve them in, *We are of Opinion, that their Service and Sufferings do very justly intitle them to her Majesty's Favour.*

And do humbly submit the same to
your Lordship,

*J. Bridges,
G. Granvill.*

Whitehall Sept. 27. 1711.

And for the purpose of the same
your Lordship

Witness my hand this 10th day of June 1877
